To the Parents' Association Committee

On behalf of the staff and Children at West Lodge I write to thank you for the donation of the two Chromebooks and i-pad which will be used specifically by the SEN department to support children who have difficulty recording their ideas in writing.

The board games and resources for the outdoor area will also be equally beneficial. As I am sure you are aware, the board games club is very popular and these games will also be enjoyed by children at other times during the extended school day.

Developing the 'outdoor classroom' for the Early Year's children is a key development priority for us this year. The outdoor literacy and numeracy resources which you have generously purchased will enhance this area and give the children further opportunity to develop their knowledge through structured play.

Mr Hankin and I will be going to the EduKent Exhibition later this term and we will look at staging as suggested by committee members. We have also received one quote for the climbing wall but Mr Hankin and both feel this is too expensive so we will look at other options.

Thank you for your continued support and I very much look forward to working with you.

Yours sincerely

Robert Francis
